

FOR IMMEDIATE RELEASE

March 10, 2026

Partial Reopening of USA Parkway at Innovation Way Following Water Main Break

Tahoe-Reno Industrial Center, NV—USA Parkway at Innovation Way has reopened to limited traffic following the earlier closure caused by a water main break.

Traffic is currently flowing in both directions using the southbound lanes, with one lane of travel in each direction.

Motorists should be aware of the following traffic conditions:

- **Traffic is open in both directions using the southbound lanes.**
- **Only one lane of travel is available in each direction.**
- **Northbound lanes remain closed at this time** while repair work continues.
- **Drivers should expect delays and proceed with caution through the area.**

Crews continue working to repair the water main and restore normal traffic operations. Motorists are encouraged to slow down, remain alert for workers and equipment, and allow extra travel time.

Updated traffic conditions are available at **NVRoads.com**.

The water system in this area is managed by the **TRI General Improvement District (TRI GID)**. Questions regarding the water main break and repair timeline should be directed to TRI GID at **775-636-6126** or **customerservice@tri-gid.org**.
